### ***Battle of Bosworth Chardonnay Viognier 2007***

'The Battle is on again. You dive in for the first sniff, expecting excitement, but don't realise you'll be exhaustively rubber-necking this wine for hours because the haunting drip of Viognier forces you to double take in order to get hit after hit of its stunning aroma. We were lured by the 2006 last year and now we are completely besotted with the pretty florals, lithe frame and lovely shape of the 2007.'

Organically Grown Traditionally Vinified
