### **BATTLE OF BOSWORTH 2005 McLaren Vale Shiraz**

'You're gonna need to call in the rugby team to help you out with this Battle, because this is one big scary wine for late nights on the sofa. This is definitive McLaren Vale Shiraz, complete with Mediterranean sea spray and dense, black fruit. While it's only just been released, you could still attack it with a massive steak, but our advice is to grab a case, throw one bottle down and decide how long you'd like to leave the rest in the cellar. Everyone will like this wine, but the question is, when will you like it best?'

Organically Grown Traditionally Vinified
